For: warehouse, logistics and operations heads running godowns and bonded stores across SITE, Korangi, Port Qasim, Bin Qasim and Landhi. Tick every item that is TRUE. Each **unticked** box is spoilage, a rejected consignment, or an import/export hold waiting to happen. ~5 minutes.

Stored-product insect monitoring

- ☐ Pheromone traps monitor for *Tribolium*, *Sitophilus*, *Rhyzopertha* and *Trogoderma*
- ☐ Trap catches are counted and trended against an action threshold
- ☐ Incoming stock is inspected before it enters the main store (no infested intake)
- ☐ Stock rotates on **FIFO** — no dead pockets aging in a corner

Fumigation readiness

- ☐ Bulk / bagged commodities are fumigated with **phosphine (aluminium phosphide)** under gas-tight sheeting
- ☐ A mandatory **ventilation + gas-clearance** step precedes any re-entry
- ☐ Dose math (g/m³), monitoring readings and clearance are documented per cycle
- ☐ If you export, wood packaging is treated by a **government-registered phytosanitary operator** (*note: this is a separate registration NFS does not hold — we do domestic godown and warehouse fumigation only, and will tell you plainly when a job needs the export-certified route*)

Rodent network

- ☐ Tamper-resistant stations run the perimeter and interior grid
- ☐ Loading docks and roller doors have rodent controls
- ☐ Bait consumption is trended, with escalation on a resistance signal

Structure, housekeeping & records

- ☐ Doors seal; wall/roof gaps and vents are screened
- ☐ No spillage build-up; aisles and pallet bases are cleanable
- ☐ A numbered site map + dated records are auditor-ready in 24 hrs
- ☐ Fumigation certificates + export documents are filed and retained

Your risk band

Count your **unticked** boxes:

Unticked	Band	What it means
0–3	● Solid	Well-controlled. Keep the trend + fumigation logs current.
4–7	● At risk	Gaps that cost you spoilage or a consignment hold. Worth a review.
8+	● High risk	Real exposure to loss + export rejection. Book a site review.

Want a fumigation + monitoring programme for your store? Free site survey.
